We are creating an Intervention/Enrichment Block to align student support services. This will change the way students that qualify for TAG are served. Instead of attending one day per week (in K-3 for 225 minutes, in 4-5 for 250 minutes) they will attend TAG daily during the I/E Block (in K-3 for 45 minutes each day, in 4-5 for 50 minutes each day).

In the space below please provide your comment for our SGC to consider before making a final recommendation.
