

# PERSONALIZED LEARNING

## Barnwell Elementary's Learning Path

Past

**teacher's** objectives were designed to meet every student at the same time

**students** sat passively while instruction was delivered

**content** was restricted to what the teacher knew or what print was made available to students

Present

students **follow** the teacher's instructions for completing tasks

the teacher identifies the **same objectives** for different groups of students

teacher designs instruction based on the learning needs of different **groups** of students

Future

students will **identify** goals and benchmarks as they progress along their learning path

teachers will help students **connect** their learning to their interests, talents, and passions

students' learning will include their **choice** and **voice** on how and what they learn
