

What's Happening in the Media Center

College Park Elementary
Media Center

Fall Semester 2017

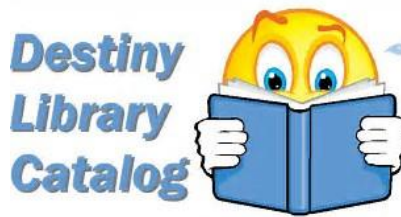

#CPESReads

Student Check out Procedures

The very first visit is designated for Media Orientation. Grades 1-5 will check out books the week after their orientation. Students are not allowed to take their books home. Encourage your students to use MackinVia to check out or

listen to e-books and audio books.

You can access this through Launch Pad.

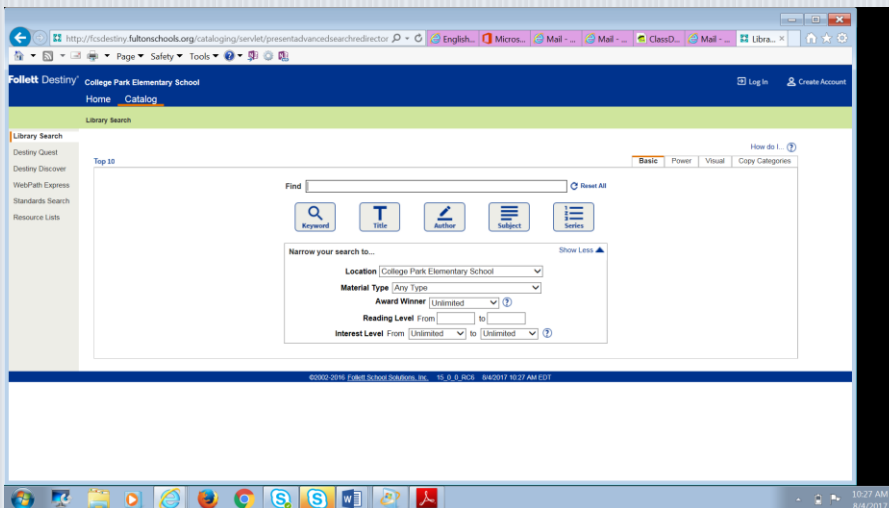

D.E.A.R.

Drop Everything and Read

The focus in the media center will be LITERACY. Every class will have 8 minutes of uninterrupted reading time either at the beginning or end of their media time.

Technology

Use the Destiny On-line Catalog to see what books are in the media center. <http://fcsdestiny.fultonschools.org>. Click on College Park. Use your Fulton ID to sign in. Teachers can begin checking out books 08/04/17 for their classroom needs. If we DO NOT have a desired title please email Ms. Merriell and it will be added to the list to order when funds are available.

Digital Citizenship

We will participate in Digital Citizenship Certification again this year. This task has to be completed by September 22, 2017. All students will participate in the lessons for the certification in internet safety. These lessons will be taught in MEDIA and Counseling classes beginning August 21, 2017. Teachers are encouraged to stay for at least 3 classes so that they can reinforce the safety in their classroom.. We want everyone to be productive users of technology in the school environ
