

Northwood Candidate Statements (Spring 2018)

Parents

1. Iesha Lay

I feel like it's a great opportunity to give back to the kids in the community. My daughter is in kindergarten and I want to be more active with the elementary school that she attends. I feel like the children are our future and they need positive role models around them.

Teachers

1. Kaleigh Natrass

I am currently in my 3rd year of teaching. I have always taught 1st grade, and I have always been at Northwood Elementary. I received my Bachelor's degree in Elementary Education from Auburn University in December of 2014, one semester earlier than anticipated. I am currently studying to take the GRE so that I may apply to an online program to earn my Masters degree in education. At Northwood, I have already served in many leadership positions such as directing the Explore Your Passion Day, representative on the Technology Team, representative of the PBIS Team, representative on the Digital Learning Day Planning Team, and the Fulton County Assessment Leaders Cohort. I would like to serve on the School Governance Council, because Northwood Elementary School has become a home to me over the past three years, and although I already do as much as I can to make Northwood an even better place, I believe that serving on the SGC will help me to play a stronger role in implementing positive change at the school that is so important to me. As a product of Fulton County Schools myself, I believe that I have an even greater understanding of the expectations that these schools have, and I would be an asset to the School Governance Council.
