Justin Elanjian

I have had the pleasure of serving on the Shakerag SGC for the last two years. This opportunity has provided both insight and perspective into the leadership and strategic direction of the school. This opportunity has also allowed me to leverage my professional background as a CPA whose worked with more than 60 schools across the United States to be an effective contributor propelling Shakerag into the future. During the past two years I have been a part of creating and implementing Shakerag's strategic plan to carry us into the 2021-2022 school year. While creating the plan was an integral stepping stone in the process, the more rewarding aspect is executing on our plan so that Shakerag can continue to provide an environment to develop intellect and interpersonal skills empowering our children to thrive both now and into the future. As a council, we have made great progress in pursuing our academic goals for our students as well as enhancing the support for our teachers. Together with the Shakerag PTO and Foundation we are striving to build our on our community partnerships and family relations and have already seen success while planning other wonderful opportunities for our children and families for the future. I am honored to have had the opportunity to contribute to these efforts these past few years and know that if I am re-elected that I will be able to continue to make a positive impact for our children. Thank you in advance for your consideration.

Rajeev Gupta

Dear Parents, I am an IT professional working as Engineering Manager with a Fortune 500 company. I hold Bachelors Degree in Computer Engineering. I did my Masters in Decision Analytics from VCU. I am currently room treasurer for my daughter's class. Thanks, Rajeev

Thangamani Paulchamy

I have a Technology / Engineering background and studied in Computer Science and Engineering in India. I worked in Big IT companies like Delta Airlines and Macy's. I do lots of volunteering in our community like held so many positions like President / Chairman and all for our community non-profit organization. I am also one of the Assistant Principal in our Tamil language school. I always love kids and edu-
