“Where Children Experience Success”

Wildcat News April 11, 2019

From Principal Ms. Cushing

Class Placement for 2019-2020

We spend a tremendous amount of time each year creating our classes. Teachers provide information about each child’s math and reading levels, academic strengths and weaknesses, learning styles and social/emotional needs. In preparing for the 2019-2020 school year, if you feel your child has a special need or there are other considerations you would like to bring to our attention, please complete a “Student Class Placement Form” and return it the front office. The form is available in the front office or on our website [click here](#). Forms that name or describe a specific teacher will not be considered. All forms should be submitted by May 13, 2019.

New Playground

We are thrilled to be getting two new playscapes. The project is funded by proceeds from the one-cent Special Local Options Sales Tax (SPLOST). The one-penny sales tax is expected to raise \$930 million for Fulton County school improvements over a five-year period (2017-2022). The renovation was started last week and should be completed by the first day of the 2019-2020 school year.
