Enroll America: Enroll America is a nonprofit, nonpartisan 501(c)(3) organization focused on one goal: maximizing the number of Americans who are enrolled in and retain health coverage.

We are a team of educators, experts, organizers, connectors, and conveners dedicated to doing what works to help consumers get the facts about their new health insurance options and enroll. Our strategies are research-based and data-driven.

We are conveners of a diverse network of organizations and individuals from around the country working together to reach uninsured consumers with information on getting coverage that fits their needs and their budget.
