

Dear McClarin Success Academy Families,

I want to take a moment to update you about services that McClarin Success Academy provided to students during previous school years.

During the 2013-14 school year, McClarin was awarded a federal School Improvement Grant (SIG). Those grant monies were used to assist with student transportation (MARTA cards), additional staff (SIG Coach, Graduation Coach, etc.) and expanded learning opportunities (Saturday school, night school and college field trips).

The grant ended in September 2017. We apologize that at that time, the school did not notify families that these additional services would likely not continue for the next school year.

Principal Fairweather is advocating for a number of innovative solutions within Fulton County Schools to determine which of the services we can continue. A meeting is scheduled for August 10th at 1 p.m. to discuss potential options, and we hope that you can attend.

Please feel free to contact Principal Fairweather should you have any questions at 470-254-8080.

Thank you.

A handwritten signature in black ink that reads "Nathalie Henderson".

Nathalie Henderson, Ph.D.

Area Superintendent
