ATLANTA, GEORGIA 30328

July 6, 2017

Welcome the Class of 2021 to the Spartan Family. This is the beginning of an amazing four year journey. This is a critical time for every student as they enter high school. The 9th grade academy teachers and I want to make sure this is a smooth and successful transition. Your student will have the opportunity to develop and chase their dreams while forming a lifelong legacy which will imprint the halls for years to come.

To ensure we get off to a great start, all academy teachers want students to gather some basic essential school supplies. Additional supplies may be needed based on subject areas. The basic essential tools are:

1. 3 in Binder
2. 7 dividers
3. Pencils
4. Pens (Blue/Black/Colorful)
5. Post It Notes
6. Loose Leaf Paper

We are so excited about this new school year and we welcome the Class of 2021. We understand that a student's success begins with a strong partnership that this is only possible by keeping parents informed. I look forward to a wonderful school year.
