- _____ Early Childhood Education

DUAL ENROLLMENT/MOWR

Juniors and Seniors may enroll at a two-year, four-year, or technical college and take one or more courses which simultaneously count toward their high school diploma requirements as well as to their college degree. Students may attend college full- or part-time. Various sources are available that cover tuition costs and other expenses. Students should discuss dual enrollment with their counselor and must apply to the institute and meet residency and minimum GPA plus SAT/ACT requirements to be accepted. For information, visit www.gacollege411.org.

WORK-BASED LEARNING (Career Technology)

The Work-Based Learning Program allows qualified juniors and/or seniors to receive course credit for a supervised experience related to their career pathway. Paid/unpaid internship opportunities are available through Career Tech pathways and WBL opportunities with collaboration through CTI for SEC students

PEER FACILITATOR

Application, Interview process, and 90+ NGA Requirement
