Finally, there's an academic based program located in Autrey Mill specifically geared for 6th graders! The **OnTrack Club** is an academic based program with experienced, degreed teachers who help students complete their homework, study for tests, and prepare for the following school day. Other components include organizational skills, study skills, communication skills, and goal setting. Skills such as writing reports, group collaboration, and student accountability will also be included, along with a high school mentoring program. If you're ready to get your rising 6th grader **OnTrack** to better grades, sign up today!

Imagine having an organized middle schooler! You're welcome.
