

Good Evening Camp Creek Families,

Last week was another great week of teaching and learning at Camp Creek Middle School.

On Monday, August 20th we will begin assessing students in Reading and Mathematics using a computer-based program named iReady. iReady uses student assessment data to create an individualized instructional plan designed to increase your student's academic achievement in the areas of reading and mathematics. Please ensure that your child receives a full night's rest and is present for school every day this week.

Thursday, August 23rd we will begin deploying Chromebooks to students. Please prepare to receive devices into your home.

Monday, August 27th from 5:30 – 7:30 pm we will host the annual PTA Curriculum Night. The night will consist of a PTA meeting, a Title I update, an introduction of afterschool programs offered by our Partners in Education, and a parent walkthrough of your student's schedule to meet teachers and learn about the courses that your student will experience this school year. Remember parents Curriculum Night is not the time for parent-teacher conferences. Teachers will have a conference sign-up form to schedule a phone or a face-to-face parent-teacher conference in their classes.

Should you have any questions or concerns at any point this school year, please do not hesitate to call, email or come in to see me. I am looking forward to another productive and fun school year!

Kind Regards,

Jarvis Adams, Principal
