

River Trail MS Candidate Statements (Spring 2019)

PARENTS

1. Ye Liu

Having been working as a business leader for over 18 years, I decided to shift my life focus to my daughter when she started entering her teenage phase. At the same time I found that middle school is a very special period for almost all students growing from kids to teenagers. I do wish to give my support as much as I can to all the students helping them stay healthy and good physically, mentally and academically. My background is as follows: Graduated as undergraduate from Beijing Foreign Studies University, as graduate from University of International Business and Economics and as EMBA of University of Texas at Arlington recognized as Lifetime Beta Gamma Sigma Member. Work Experience covers Fortune 500 Multi-national companies, Chinese top local companies and listed once-state-owned companies: youngest National KA Manager and Business- and Brand- Development Manager in NESTLE China, youngest Brand Building Director in Unilever China, Marketing and Sales Director in Zwilling China and Deputy GM (VP) and Board Member of Cosmetics BU, Shanghai Jahwa United Co., Ltd. (China No 1 Cosmetics and FMCG Company publicly listed). Successfully launched Nestle Pure Life water, Unilever Clear hair care, Tweezerman beauty tools in China. Awarded as Top 10 Women to Watch in China by Adage USA, Thoughtful China and ROI China in 2015 and Top 10 Influential People of the Year in China At Golden Flag Award 2017. Immigrated to the US through EB1a as an outstanding talent.

2. John Sconiers

Masters prepared Doctoral Candidate with multiple years in education. multiple children in River Trail and Northview.

3. Randy Potts

I would like to offer myself as a volunteer who is willing to serve with dedication to make some small contribution toward the excellence of the school my son attends. My profession as a Youth Minister at a local church for the past 23 years has given me the opportunity to get to know a wide variety of Middle School students. I would bring this background to the position should I be elected

4. Sudhakar Swaminathan

I live in Johns Creek and have two daughters who go to River Trail. I did my Engineering in India and my MBA in UGA. I was fascinated by the differences in the education system in India and here in the US. I love teaching children things that matter to them in a manner that they enjoy. I am an SVP with SunTrust bank in Digital Banking. More than that I am a Purpose ambassador, that help spreading financial education among children. I have spent time with school children in providing fundamentals about wants / needs and savings etc, and the children enjoyed my presentation. I also see many young associates in my job that are struggling to fit in for lack of right fundamentals. I am an Presidential award winner for Volunteerism for the past 5 years. With my qualifications above and visibility I have, I would like to spend my time with the SGC board, in whatever form or shape, to make our schools a place of interest for the children to learn new things and form a strong foundation for themselves for the future.

5. Camille Brown

Hello fellow parents. I have been a Fulton County parent from pre k to middle school. I have served on nonprofit boards in the community to advance the knowledge and cultural experiences of children. In my professional life I have managed work groups of various sizes. I have facilitated meetings to achieve a common goal. I want to serve on the School Governace Council because I want to be of service. I want to be the voice in the room for parents that can't be there. As a parent of a 6th grader I know how challenging middle school can be on a child. I look forward to working with everyone to see how we can make this middle experience a positive one.

6. Sadaf Jalal

Hello, I am mom of three who has recently relocated to Johns Creek but a local of Atlanta for the past fourteen years. My oldest son will be headed to Northview next year and my middle daughter child shall be attending RTMS starting fall 2019. I have another daughter in Shakerag. My professional qualification include an electrical engineering degree which has led to a successful engineering and business development career in the world of airport computer networks and services. The most rewarding moments i have experienced is that of volunteering my time at my children's schools for experiments, field trips and readings and contributing at various sunday schools around Atlanta which my children have attended. I would like to work on the SGC to enable our diverse community base in Johns Creek to experiance each other's vibrant cultures, improve student acheivement and prepare our children so they may succeed in their chosen paths
