

## Taylor Road Middle School PARENT SGC Candidate Statements

### **Goldene Rattigan**

My name is Goldene Rattigan and I am the parent of a sixth grader at Taylor Road and a second grader at Lake Windward Elementary. I would love to offer my time to serve on the School's Governance Council. I am passionate about education and committed to doing my part in driving a successful next generation.

I enjoy giving back; paying it forward and contributing to the development of the prized possessions we call our children.

My background is in Corporate Finance and I have over fifteen years' experience in various roles in financial analysis, modeling, reporting and Accounting. I hold an MBA with a concentration in Finance and a Master's in Accounting. I currently work in Mergers and Acquisitions (M&A) Finance with a Big 4 firm, in Atlanta.

I currently serve on the PTA as VP of Student Enrichment at Taylor Road, volunteer with various local charities alongside my middle schooler (I leverage this as an opportunity to bond), and will coach U8 soccer this spring.

My strengths for this role include leadership, communication, responsibility and accountability. I look forward to the opportunity to serve, and thank you for your consideration.

### **Chun-Ket Yau**

I am currently in my 2nd year of service as school governance council in Abbott Hills Elementary where both my 2nd and 3rd child attending. After May 2017, the completion of my 2nd year term, i would like to serve in TRM where my oldest daughter is in now. My background is in Financial Professional. I own a financial service business of overseeing yearly revenue of over \$2 million, supervising a team of 200 plus licensed agents in over 10 different states. Being a business owner in financial services, i think i can add value to the school from business, financial and leadership point of view. I have been volunteering in school since 10 years ago since my oldest child in Montessori. I like to give back and set good example for children on how to be a good citizen, to give back, lead and contribute. I have been actively engaged in Abbotts Hill Elementary for the past 5 years and last 2 years served in the school governance council. I hope my experience in business, finance and governance council can provide value for TRM. Thank you so much for your consideration.
