Clifftonale Elementary School
Fifth Grade Virtual Awards Ceremony
"Embrace Excellence in Education for Every Student Every Day"

May 22, 2020
3440 West Stubbs Road
College Park, Georgia 30349
Our Mission...

Our mission is to prepare Cliftondale students to reach their highest potential so they can be productive citizens and globally competitive.

Our Vision...

Every student will possess the educational tools, and best learning practices to achieve academic success in the 21st century.
...and Beliefs

- We believe children can learn when their individual needs are met so that they can reach their fullest potential.
- We believe children can learn in all different modalities.
- We believe children can learn regardless of out of school factors in their lives.
- We believe in striving for excellence ourselves in order to be ideal role models.
- We believe in providing an environment that encourages learning and sets high standards.
- We believe in the use of effective pedagogical strategies.
- We believe in the mastery model for learning.
- We strive for measurable results.
Your Fifth Grade Team...

• Ms. Bolar: EIP and Grade Level Chair
• Ms. Franklin: Math, Science, Social Studies, Reading and Writing
• Mrs. Kimeu: Math, Science and Social Studies
• Mrs. C. Lewis: Math, Science and Social Studies
• Mrs. Long and Ms. Mack: Reading and Writing
• Mrs. Rosser: Reading and Writing
• Ms. Whyte: Special Education
Description of Awards...

- Principal's List: The scholar has earned all A's.
- Honor Roll: The scholar has earned all A's and B's.
- Striver's Award: The scholar has made progress in one or more academic and/or behavioral areas.
- Most Improved: The scholar has made measurable gains in one or more academic areas.
- Citizenship: The scholar has demonstrated and has promoted positive behavior for themselves as well as toward others that includes being respectful, helpful to others and a good peer role model.
- Student of the Year: This scholar has set, achieved, and maintained exemplary academic and behavioral goals this year.
Presentation of Awards...
Fabulous 5th Grade Scholars,

I can't believe the end is here and what an awesome and memorable end it has been. Despite some hard tasks, sadness, and grief that you have encountered this year, you have learned a lot. At the end of it all, you completed a part of your journey. This proves you can persevere over anything. I'm proud of how you've grown. I've loved being your teacher. You are all my reason for teaching. Teaching you all has taught me a lot about giving, which we all must learn is the main purpose for living. You will continue to grow, so try hard to learn all that you can probably know. Be kind and good to people you meet on your way up. Remember what I've always preached, "What you put out in the universe is what you will get back." Continue to learn and grow. I wish you the best of luck in the days ahead.

Love you!

Ms. Bolar
Hi my Fabulous "Fifth" Graders,

We did it! WooHoo! It seems like just yesterday we were learning each other's names. This year has been unforgettable and a great year of teaching and learning. You all have helped me in transitioning from a middle school teacher to a fifth-grade teacher. You all are a special group of students and I will always remember our time together. Thank you for coming to our class each day and filling our room (235) full of life and laughter. Thank you for sharing your life with me through writing and conversation. Thanks for keeping me up on the latest lingo, video games, and YouTube videos. LOL I’m sorry our personal time in the classroom was cut short but we made the BEST of it! I hope all the things you learned in our class will help you excel in middle school. As you go off to bigger and better things always remember you have potential and purpose in life. Although you all are moving on, I want you to always remember our classroom slogan, Ms. Franklin’s “LIT CLASS”, meaning keeping the magical feeling on learning and fun all year long. So “Keep the Flame Burning” Love your “Favorite” teacher........ Ms Franklin❤️

Dear Students,

I first want to express how proud of you I feel! This year I have seen you grow and mature so much. So many of you understand the big picture. Elementary school is a steppingstone toward the success you will have in life. Building that foundational stone takes time and a lot of effort. We must make sure that the stone is strong and steady before you move along your path. I will miss seeing your eyes light up as you make connections in math, science and social studies. You continue to strive for excellence despite the challenging circumstances that surround us. I choose to remember all the laughter, fun and exciting learning opportunities that were shared. I will miss you and I love you.

To my bright and brilliant 5th graders,

Wow! Can't believe we're at the end. What a year to remember (Covid 19). The time has come for you to move on to greater heights. I've watched you grow. I've watched you bloom. I've even watched you struggle through challenges and still rise to the occasion. Many of you came into this year not knowing what to expect, but on this journey, you discovered that you were more than capable of achieving. I believe in you. I believe in your determination. I believe that whatever you put in your mind to, it will be accomplished. Just remember what I've said to you many times. "If you fail to plan, then plan to fail." Make the best of every situation. Good luck, continue to reach for the moon and while you're at it, grab a star!

Love you all!

Hi Class! It has been a pleasure serving as your teacher. I wish you well in middle school. Hopefully, the reading and writing lessons have taught you how to be ready for writing essays and doing research in middle school. You are a great group of students with a thirst for knowledge. As long as you keep reading and asking questions you will go far in this world. As you learn how to analyze more informational text, you will develop an understanding how reading is used in every content area. As the world is moving in a new direction there will be more career opportunities such as scientist, geographers, climatologist, researchers, health care workers and etc.. Keep your eyes open and become lifelong learners and you will go far!

Love,

Ms. Mack and Mrs. Long

Hey Guys, you finally made it! I hope you guys have a blast in Middle School. I am going to miss you all! I know! You guys are going to miss me too. Please don't cry too much over the summer since you can't see or HEAR me (lol). I know you guys all LOVED my voice (BIG LAUGH). Honestly, I share a bond with you all! Remember, all the strategies Mrs. Rosser and I taught you over the year. Never give up! Anytime you feel sad..... Just Think......HMMMM? What would Ms. Whyte do? That should bring you a smile or chuckle. (Lol) - Ms. Whyte

Well, this is it! Look how far we've come! I know it hasn't been easy and I know this year has been WEIRD (to say the least) but I want you to focus on how resilient and innovative you are! We took a bad situation and made the very best of it. Let that be the message you take from this year...turning lemons to lemonade! I am so proud of you. I will miss you so much. I will miss trying to step for you and making my grumpy, tight-lipped face that always made you laugh. I will miss the hugs and hearing your "Good Morning, Mrs. Rosser" (s) as you come into the classroom. Most of all, I will miss being your teacher. Remember our lessons and always hold YOURSELF in high regard. ~Mrs.. Rosser

Principal's List Award: Those achieving an "A" average in academic subjects and considered an honor of the highest order. The Principal's Award celebrates outstanding achievement by dedicated students in the realms of academics and other contributions to their school. It is a big honor that supports a prestigious and great achievement.

Honorees

*Jaden Beauregard
*Milani Black
*Madison Hill
*Jaliyah Johnson

*Amara Knowles
*Bailee Miles
*Xavier Myers
Wow! Middle school already?! It has been an honor and pleasure to watch you grow. Throughout middle school, you will encounter many opportunities, so choose wisely and as the quote says, make EXCELLENCE A HABIT. Tap into your unique gifts and talents, set goals, and work tirelessly to achieve them. Most of all, honor your parents and the light within. Life is not a dress rehearsal! TAG!! YOU'RE IT!
"Special" Acknowledgments...

- Ms. Bowman and Mrs. Allen: Hi Fifth grade! Congratulations on making it to this point. Continue to embrace excellence every day as you move forward from here. Great job on making the necessary adjustments to continue to take responsibility for your education. Good luck to you in your future endeavors. The sky is the limit!

- Coach Luckett: Students, It has been my privilege to serve as your Physical Education and Health Teacher. I wish you nothing but the best. I will treasure the moments of our time together. I wish it could have been longer. As you continue, on your quest for knowledge, remember you can accomplish anything. Take care and continue to be safe..

- Ms. Quigley: This group of young students is not only spirited, but also intelligent. They have big dreams which will take them farther than they might imagine. I will miss your determined hearts so much. But, I will also enjoy watching you as you accomplish many great feats in the future. Go Mustangs!
A Special Message from our Assistant Principal, Mrs. Brinson...

Although the school year ended abruptly, you all showed just how strong you are as students. You remained positive during a worldwide pandemic and quickly made the transition from face-to-face learning to digital learning! A new beginning at the middle school is right around the corner. Going to middle school will also come with its set of challenges, but I am confident that you will overcome anything that tries to stop you guys from being successful. You can look forward to making new friends as you continue to bond with those you have been with since kindergarten. You will meet new teachers and will explore new subjects such as business education, Spanish, French, audio/visual technology and graphic design. Middle school also has band, orchestra and chorus! I encourage you to remember what you learned at Cliftondale and use it to continue your quest to embrace excellence in education every day. I am so very proud of the work you all have completed this school year. I love you and wish you the best.

Mrs. Benzie Brinson
Parents, teachers, and scholars, here we are at the end of another school year to celebrate the accomplishments of our scholars. It has been an honor to serve as your principal during the 2019-2020 school year. Although this school year did not end the way we expected, I am so proud of the hard work you have done to ensure you finished the school year strong. COVID-19 has given us a unique opportunity to learn how to embrace challenges and persevere. I hope, from this experience, you now see you can make it through anything. Every year, I look back and reflect on what our scholars have achieved and how much they have grown. I want to congratulate all of you for achieving a great milestone in your life. You have completed your primary school education. As you head to middle school, you are prepared to withstand any challenges that middle school may bring both academically and socially. I will miss seeing you in the halls of Cliftondale, but I am eager and excited to see what you become. Please know as you face changes you are not alone. We will be thinking of you. There are good things waiting for you in middle school. So step out with confidence and take on new opportunities with pride. No matter what middle school you attend in the fall, you will always be a Cliftondale Mustang!
