February 28, 2020

Dear Parents,

As you know, the Ga Milestones Assessment will be given to students in grades 3-5 in the next couple of months. We have been working diligently in making sure that all students are equipped to perform at their best level. Not only do we offer extended day twice a week, we are also implementing our Success Academy. As the final component, we are offering Saturday School on March 7, 21 and 28 from 9:00AM-12:00PM. We will only provide a light breakfast snack for the students.

During our academy, we will focus on those heavily weighted grade level standards in math and reading, test taking strategies, testing simulation and application. While your child’s teacher is also focusing on these skills daily, we are confident that this addition will strengthen our student’s performance on the assessment.

You will need to drop your son/daughter off and pick them up at each session. We feel that their attendance and participation in this program will help provide them with the additional skills needed to be successful on the Milestones Assessment.

Our goal is to make sure students are prepared mentally and academically for GA Milestones. It is our hope that this additional piece will help us. If you are interested in your child participating, please complete the form and return it to your child’s homeroom teacher by Tuesday, March 3, 2020. This will help us prepare for your child’s arrival on Saturday. We only have 32 slots per grade level, so do not delay in completing the form.

Thank you in advance for your support and we look forward to working with your child. Should you have any additional questions, please contact the school at 470-254-8144.

_____ My child______________________________ will be attending Saturday School.

_____ My child______________________________ will not be attending Saturday School.
