- 11:40 Call to Order**
- Attendees: Smallwood, Geathers, Richardson, Briggs, Ferguson, Dockery, Knight, James, Mitchell, Brown
- 11:40-11:47 New Member Introduction**
- Welcoming new member Mrs. Briggs
  - Finish all trainings to have SGC completed
- 11:47-11:50 Review Strategic Plan**
- Reviewed by Geathers
- 11:50-12:23 Discussion of data metrics for Strategic Plan Review of Draft Proposal**
- Geathers thinks that the three goals are on target (Dibles, Georgia Milestones, RI from back when the plan was made). We should re-title the focus areas due to going from real high end to the narrow. We need to pick the correct words for our three goals so that the focus areas should match the goals and the overall goal. Short-term is fine. We plan those goals based on which direction the school is going and it changed based on the results that we receive each year. The district is moving towards a five year plan instead of a three year plan and local schools will more than likely have to do the same.
  - Smallwood gave out copies of the compact to the members for review. Geathers reviewed the compact with the members.
- 12:23-12:27 Review of progress toward Strategic Plan**
- Geathers showed the members a copy of STAR reports to give a visual of students' growth academically and how it was being measured.
- 12:27-12:37 Collaboration efforts with partner SLES organizations**
- Smallwood gave the members SWIS Data and how SLES measures PBIS Framework schoolwide. The data stated the trend shown that we are declining with OSS, but we went up due to the fact a few students received a large amount of OSS.

**12:37-12:40 2017-2018 Meeting Calendar**

- Brown wanted to create the calendar for the SGC meetings.
- Geathers is having major surgery and will not be back until August
- James/Brown motioned to do work outside of the big meetings and do work independently or in small groups so we do not lose momentum.

**12:40 Adjournment**
