

Greetings Seaborn Lee Family,

Thank you for your continued support during these unprecedented times. I understand that your family and our community are trying to navigate through our “new normal”. My primary focus is the safety and well being of all of our students. Our goal is to reduce school stress and to support our scholars. Please know that we are in this together! We are working hard to provide effective instruction in this remote learning environment. Our entire staff is here to help and we will try our best to create a sense of normalcy for our students. As always, we remain committed to you and the success of your child.

Throughout the school closure please continue to check in with your child’s teacher to make sure that he/she is staying on track with the learning expectations. Our teachers are working hard to develop lessons and to ensure that students remain engaged during remote learning. Our school website will house the district learning packets by the week and digital lessons will be sent out to students by your child’s teachers. We do realize each family’s schedule is different so we appreciate you working collaboratively with us. Our teachers have designated times throughout the day where they are available to assist and support your child. Let us know how we can help.

We value your engagement and we will work collaboratively to make remote learning the best experience for all families. Please know that we are here for you and we can’t wait to see everyone again.

As a reminder, please be sure that you are checking your email for district as well as local school updates and be sure that your child is completing their assigned work. Follow us on Twitter @SeabornLeeES and post pictures of your remote learning journey by tagging our school and using the district hash tag #FCSrising.

Stay Safe, Healthy and Strong!

Proud Principal,

*Kine’ Geathers*
