Dear Parent or Guardian:

Fulton County Schools takes seriously the personal/social and physical safety of our students. In order to proactively address concerns of depression and child/adolescent suicide, the district is providing faculty suicide prevention training and a student suicide prevention lesson as part of the Signs of Suicide (SOS) Prevention Program. The SOS program has proven successful at increasing help-seeking by students who are concerned about themselves or a friend. It is the only school-based suicide prevention program selected by the Substance Abuse and Mental Health Services Administration for its National Registry of Evidence-Based Programs and Practices that addresses suicide risk and depression, while reducing suicide attempts. Our SOS program goals are as follows:

- To explain that suicide is a preventable tragedy that often occurs as a result of untreated depression.
- To provide students training in how to identify serious depression and potential risk of suicide in a friend.
- To impress upon students that they can help themselves or a friend by taking the simple step of talking to a responsible adult about their concerns.

Your local School Counseling Department will be coordinating/delivering the Signs of Suicide Lesson through our American Government classes on the following dates: **October 2, 2019 & February 5, 2020**.

If you **DO NOT** wish for your child to participate in the SOS suicide prevention lesson at school, please complete the enclosed form and return it to AHS School Counseling Department. If we **DO NOT** hear from you prior to the period of the presentation, we will assume your child **has permission** to participate in this program.

If you have any questions or concerns about this program, please do not hesitate to contact your child’s School Counselor.

Sincerely,

I, ____________________________,
