Dear River Trail Parents,

We are excited to announce that River Trail will hold a *Parent to School Day* this month. The event will be on **Wednesday, September 25th**. Sixth and eighth grade parents will be able to visit 2 classes in the morning and seventh grade parents will be able to visit 2 classes in the afternoon. See the chart below.

Parent to School Day represents one of the ways River Trail is providing more opportunities for parent engagement (to equip parents with the confidence and tools to support their student’s educational journey) as outlined in our Strategic Plan.

The emphasis will be on student learning, as it is every school day, so we ask that visitors silence all devices and refrain from using them during the school visit. Due to space constraints, there will be a limit of 2 participants for any student. Please remember, Parent to School Day is for parents and guardians, not for siblings.

Step 1: Visitors must complete the Volunteer Requirements with Fulton County, [Click here](#) , prior to registering for Parent to School Day. The deadline for completing the Volunteer Requirements for this event is **Wednesday, Sept 18**.

Step 2: Please make sure to complete the registration below for the correct grade level of your child. Registration will be open from **Sept. 5-Sept. 18**. Registration will **close on Sept. 18** to allow the school time to prepare for parent visits.

Step 3: Please remember to bring your Driver’s License to present to the front office when signing in.
